

VILLAGE OF FRUITPORT  
REGULAR SESSION  
JUNE 16, 2008

Meeting called to order by President Roger Vanderstelt at 7:35 p.m.

Pledge of Allegiance given.

Prayer offered by Jerry Alger.

Roll call: Jerry Alger, DeVere Bendixen, Bruce Raymond, Roger Vanderstelt, Carolyn Lemler.  
Absent: Donna Pope, Randy Sottovia, Joe Vanderstelt.

Minutes: Motion made by B. Raymond to approve the minutes from the previous meeting. Motion seconded by J. Alger. Roll call: All ayes. Motion passed.

VISITORS: Jennifer Bartolomei-Blancato, Village Representative Spring Lake Lake Board, addressed the Council with updates on the condition of Spring Lake. The alum treatment that was done on the lake has yielded positive results; Norris Creek has been tested for water quality and the water test results were within acceptable limits; spraying of Spring Lake for weed and algae control will be an ongoing process.

Brian Klinge, contractor and Todd Kemp, Coldwell Banker Realtor, had questions regarding lot splits for a parcel in the Village. R. Vanderstelt told them lot splits were done if the resulting lots were of buildable size, could meet all set backs as established by the Village in its zoning ordinances, and if the resulting lots could meet the Muskegon County Health Departments requirements for a septic system.

Russ Rose, 3RD Avenue, Village of Fruitport, reported to the Council he has seen evidence of Gypsy Moths on his property in the Village and wanted to know if there' was a plan to deal with the problem. He also wanted to know about flood insurance and if the Village Council could help get the Village of Fruitport qualified so homeowners could purchase flood insurance. R. Vanderstelt will contact D. Pope to see if this can be done.

CORRESPONDENCE: None.

COMMITTEE REPORTS:

Donna Pope (Insurance/Personnel): None, absent.

Joe Vanderstelt: None, absent.

DeVere Bendixen (Ordinances and Garbage Service): Am working on weed/grass cutting issues around the Village.

Jerry Alger (DPW & Streets): Working on methods to fix the drainage problems on Park Street/Bike Path between 4TH Avenue and 5TH Avenue.

R. Mergener is checking to see if the plow and scraper from the old blue truck could be retro-fitted into another truck to save money in the purchase of a truck to replace the old blue truck.

R. Mergener reported he has a community service worker that will paint the DPW Building. J. Alger will check with the library to see if the community service worker could also do some painting on the Library building.

Randy Sottovia: None, absent.

Bruce Raymond (Parks/Public Safety): Driesenga & Associates have surveyed the old swimming beach property at the end of Pine Street. The Village has a copy of the survey map showing where the boundaries are with respect to the adjacent properties.

Had a complaint from a boat launch user that the use of the launch was restricted too much during Old Fashioned Days. Met with the person and gave him a refund for his season pass.

Use of the Bandshell and picnic shelter has increased. The Village does not charge churches for the use of the Bandshell; however the church also wants to use the picnic shelter. The consensus of the Council is if the church wants to use the picnic shelter they would have to reserve it and pay the fees. DPW workers are using the pickup truck to haul the trash barrels from the park for emptying. This puts a lot of physical strain on the workers to lift the 55 gallon barrels on and off the truck bed. It is suggested the Village buy a utility trailer that could be pulled behind the John Deere tractor/mower and be used to pick up the trash barrels and also for several other uses within the Village. Motion made by B. Raymond to purchase a 5'x8', 2000 pound rated utility trailer with a roll up ramp on the rear of the trailer. Motion seconded by D. Bendixen. Roll call: All ayes. Motion passed. B. Raymond will also contact RMS Disposal to see if the Village can obtain more of the blue garbage containers on wheels to replace the barrels in the park.

Restrooms: In the past the Village paid a stipend to someone to clean the restrooms on the weekends; B. Raymond would like to resume this practice. D. Bendixen made a motion to pay \$45.00 per weekend to have the restrooms cleaned each morning. Motion was seconded by B. Raymond. Roll call: All ayes. Motion passed.

Memorial bench for Joe Domanchuck: Diane .eibsirP representing the family of Joe Domanchuck, wants to make a donation to the Village to have a bench placed in Pomona Park in memory of Joe Domanchuck. B. Raymond will work with her to get the project done.

#### OLD BUSINESS:

NPED Stormwater Project: Motion by B. Raymond the Village of Fruitport passes Ordinance No. 39: Stormwater Management to meet the requirements of the State of Michigan for Stormwater management. Motion seconded by R. Vanderstelt. Roll call: All ayes. Motion passed. Copy of the Ordinance is attached.

Master Plan: D. Bossenbroek, Village attorney, has notified the Village the State of Michigan requirements and guidelines for developing a Master Plan are changing. He will forward information as he gets it to the Village.

#### NEW BUSINESS:

Village has a dead tree in the right of way on 6TH avenue; R. Mergener will contact the tree cutting company to get the work done on tree trimming in the Village.

Fuelman Invoices will be e-mailed to R. Vanderstelt and J. Alger.

Copies of time cards will be given to R, Vanderstelt and J. Alger for monitoring. Employees will be reminded to use time clock to record all hours worked or they may not be paid.

9:51 PM REGULAR SESSION CLOSED  
CLOSED SESSION OPENED TO DISCUSS CONTRACT NEGOTIATIONS.  
10:04PM REGULAR SESSION REOPENED

Motion made by D. Bendixen that the Village of Fruitport Council approves a labor agreement between the Village of Fruitport and Local 517M of the Service Employees International Union of Southwestern Michigan, for a contract period from April 1, 2008 through March 31, 2012. Motion seconded by B. Raymond. Roll call: All ayes. Motion passed.

Motion made to approve the warrants made by D. Bendixen. Motion seconded by R. Vanderstelt. Roll call: All ayes. Motion passed.

Motion made to adjourn meeting made by D. Bendixen. Motion seconded by B. Raymond. Roll call: All ayes. Motion passed.

Meeting adjourned at 10:18pm.

Respectfully submitted by  
Carolyn A Lemler, Village Clerk  
865-3234

Part 73

Storm water Management

Ordinance No. 39

An ordinance regulating stormwater discharge and drainage within the Village of Fruitport.

THE VILLAGE OF FRUITPORT HEREBY ORDAINS:

**73.001 STATUTORY AUTHORITY**

The Village of Fruitport shall administer, implement, and enforce the provisions of this ordinance. Any powers granted, or duties imposed, upon the Village may be delegated in writing by the Village to persons or entities acting in the beneficial interest of, or in the employment of the Village of Fruitport.

**73.002 FINDINGS**

The Village finds that:

- (1) Illicit discharges contain pollutants that will significantly degrade the waterbodies and water resources, thus threatening the health, safety, and citizen welfare.
- (2) Illicit discharges enter the storm water drainage system through either direct connections (e.g., wastewater piping either mistakenly or deliberately connected to the storm drains) or indirect connections (e. g., contaminated infiltration into the storm drain system or spills connected by drain inlets).
- (3) Establishing the measures for controlling illicit discharges and connections contained in this Ordinance and implementing the same will address many of the deleterious effects of illicit discharges.
- (4) Any condition caused or permitted to exist in violation of any provision of this Ordinance is a threat to public health, safety, and welfare, and is declared and deemed a nuisance.

**73.003 PURPOSE**

It is the purpose of this Ordinance to establish minimum storm water quality requirements and controls to accomplish, among others, the following objectives:

- (1) To regulate the contribution of pollutants to the storm water drainage system and waterbodies by storm water discharges by any user.
- (2) To prohibit illicit discharges and connections to the storm water drainage system and waterbodies.

- (3) To establish legal authority to carry out all inspection, surveillance, and monitoring procedures necessary to ensure compliance with this Ordinance.
- (4) To provide appropriate remedies for failure to comply with this Ordinance.

### **73.004 APPLICABILITY AND GENERAL PROVISIONS**

This Ordinance shall apply to all discharges entering the storm water drainage system and waterbodies generated on any developed and undeveloped lands.

### **73.005 DEFINITIONS**

For the purpose of this Ordinance, the following words and phrases shall have the meanings respectively ascribed to them by this section, unless the context in which they are used specifically indicates otherwise:

*Authorized Enforcement Agency:* The Village of Fruitport and/or any persons or seicnega designated to act as the Authorized Enforcement Agency by the Village of Fruitport.

*Best Management Practices (BMPs):* Structural devices or nonstructural practices that are designed to prevent pollutants from entering storm water flows, to direct the flow of storm water, or to treat polluted storm water flows. BMPs may include, but shall not be limited to, those described in the Michigan Department of Environmental Quality Guidebook of BMPs for Michigan watersheds. Equivalent practices and design criteria that accomplish the purposes of this Ordinance (including, but not limited to, minimizing storm water runoff and preventing the discharge of pollutants into storm water) shall be as determined by the Village of Fruitport Engineer.

*Clean Water Act:* The Federal Water Pollution Control Act, 33 USC Section 1251 et seq., as amended, and the applicable regulations promulgated thereunder.

*Discharge:* Means the introduction (intentionally or unintentionally, and directly or indirectly) of any liquid, substance, pollutant, or other material into a storm water drainage system or water body.

*Discharger:* Any person who directly or indirectly discharges storm water from any premises. Discharger also includes any employee, officer, director, partner, contractor; or other person who participates in, or is legally or factually responsible for, any act or omission that is, or results in, a violation of this Ordinance.

*Drain:* Any and all conduits, facilities, measures, areas, and structures that serve to convey, catch, hold, filter, store, and/or receive storm water or groundwater, either on a temporary or permanent basis.

*Drainage:* The collection, conveyance, or discharge of groundwater and/or surface water.

*Drainageway:* A drain, water body, or flood plain.

*EPA:* The U. S. Environmental Protection Agency (EPA).

*Floodplain:* The area, usually low lands, adjoining the channel of a river, stream, or watercourse or lake, or other body of standing water, that has been or may be covered by floodwater.

*Hazardous Materials:* Any solid, liquid, semisolid, or gaseous substance or material that because of its quantity, quality, concentration, or physical, chemical, or infectious characteristics may cause or significantly contribute to an increase in mortality or an increase in serious irreversible illness or serious incapacitating but reversible illness, or may pose a substantial present or potential hazard to human health or the environment if improperly treated, stored, transported, disposed of, or otherwise managed.

*Illicit Connection:* Any method, means, or conduit for conveying an illicit discharge into a water body or a storm water drainage system.

*Illicit Discharge:* Any discharge to a water body or a storm water drainage system that does not consist entirely of storm water, that is not authorized by the terms of an NPDES permit, or that is not an authorized discharge as defined by this Ordinance.

*MDEQ:* Michigan Department of Environmental Quality.

*National Pollutant Discharge Elimination System (NPDES) Permit:* A permit issued by the EPA or a state under authority delegated pursuant to the Clean Water Act that authorized the discharge of pollutants to waters United States.

*Non-Storm Water Discharge:* Any discharge to the storm water drainage system or a water body that is not composed entirely of storm water.

*Person:* An individual, firm, partnership, association, public or private corporation, public agency, instrumentality, or any other legal entity.

*Pollutant:* The term pollutant includes, but is not limited to, the following: any dredged spoil, solid waste, vehicle fluids, yard wastes, animal wastes, agricultural waste products, sediment, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical wastes, biological wastes, radioactive materials, hazardous materials, wrecked or discharged equipment, rock, sand, cellar dirt, and industrial, municipal, commercial, and agricultural waste, or any other contaminant or other substance defined as a pollutant under the Clean Water Act. Pollutant also includes properties or characteristics of water, including, but not limited to, pH, heat, TSS, turbidity, color, BOD, COD, toxicity, and odor.

*Premises:* Any building, structure, lot, parcel of land, or portion of land, or property, whether improved or unimproved, including adjacent sidewalks and parking strips.

*Property Owner:* Any person having legal or equitable title to premises or any person having or exercising care, custody, or control over any premises.

*State of Michigan Water Quality Standards:* All applicable state rules, regulations, and laws

pertaining to water quality, including the provisions of Section 3106 of Part 31 of 1994 P A 451, as amended.

*Storm Water Drainage System:* Storm sewers, conduits, curbs, gutters, catch basins, drains, ditches, pumping devices, parking lots, roads, or other man-made channels that are designed or used, singly or together in combination with one another, for collecting or conveying storm water.

*Storm Water Pollution Prevention Plan:* A document, that describes the BMPs and activities to be implemented by a person or business to identify sources of pollution or contamination at a site and the actions to eliminate or reduce pollutant discharges to storm water, a storm water drainage system, and/or a water body to the maximum extent practicable.

*Storm Water Runoff (or Storm Water):* The runoff and drainage of precipitation resulting from rainfall, snowmelt, or other natural event or process.

*Toxic Material:* Any pollutant or combination of pollutants that is or can potentially be harmful to the public health or the environment, including, without limitation, those listed in 40 CFR 401.15 as toxic under the provisions of the Clean Water Act, or listed in the Critical Materials Register promulgated by the Michigan Department of Environmental Quality, or as otherwise provided by local, state, or federal laws, rules, or regulations.

*Wastewater:* Any water or other liquid, other than uncontaminated storm water, discharged from a premise. The term includes any water that has in any way been used and degraded or physically or chemically altered.

*Water Body:* A river, lake, stream, creek, or other watercourse or wetlands.

### **73.006 PROHIBITED DISCHARGES**

- (1) It is unlawful for any person to discharge, or cause to be discharged, to a storm water drainage system or water body any substance or material, including, but not limited to, pollutants or waters containing any pollutants that cause or contribute to a violation of applicable water quality standards, other than storm water or an authorized discharge. This prohibition includes the commencement, conducting, or continuance of any illicit discharge by any person to a storm water drainage system or water body.
- (2) Any person discharging storm water shall effectively prevent pollutants from being discharged with the storm water, except in accordance with BMPs.
- (3) The Authorized Enforcement Agency is authorized to require dischargers to implement pollution prevention measures, using Storm Water Pollution Prevention Plans and BMPs, as determined necessary by the Authorized Enforcement Agency to prevent or reduce the discharge of pollutants to a storm water drainage system or water body.
- (4) The discharge prohibitions of this section shall not apply to any non-storm water discharge authorized under an NPDES permit, waiver, or waste discharge order issued to the discharger.

and administered under the EPA authority, provided the discharger is in full compliance with all requirements of the permit, waiver, or order and other applicable laws and regulations, and provided that written approval has been granted for any discharge to the storm water drainage system.

### **73.007 PROHIBITED ILLICIT CONNECTIONS**

- (1) It is unlawful for any person to construct, use, maintain (or to allow the construction, use, maintenance or continued existence of) an illicit connection.
- (2) This prohibition expressly includes, without limitation, illicit connections made prior to the effective date of this Ordinance, and regardless of whether the connection was permissible under law or practices applicable or prevailing at the time of connection.

### **73.008 AUTHORIZED DISCHARGES**

The following non-storm water discharges are permissible, but only if they do not result in a violation of State of Michigan water quality standards and provided that they are undertaken in compliance with any applicable or required BMPs:

- (1) Water supply line flushing.
- (2) Landscape irrigation runoff.
- (3) Diverted stream flows.
- (4) Rising groundwater.
- (5) Uncontaminated groundwater infiltration to storm drains.
- (6) Uncontaminated pumped groundwater.
- (7) Discharges from portable water sources.
- (8) Foundation drains.
- (9) Air conditioning condensate.
- (10) Irrigation water.
- (11) Springs.
- (12) Water from crawl space pumps.
- (13) Footing drains and basement sump pumps.

- (14) Lawn watering runoff.
- (15) Waters from non-commercial car washing.
- (16) Flows from riparian habitats and wetlands.
- (17) Residential swimming pool water and other dechlorinated swimming pool water, provided that any filter backwash water that is present is treated.
- (18) Residual street wash water.
- (19) Discharges or flows from emergency fire fighting activities.
- (20) Discharges specifically authorized in writing by the Authorized Enforcement Agency as being necessary to protect public health, welfare, and safety or the environment.

### **73.009 STORAGE OF HAZARDOUS OR TOXIC MATERIALS IN DRAINAGEWAY**

Except as permitted by law, it shall be unlawful for any person to store or stockpile, within a drainageway, any hazardous or toxic materials, unless adequate protection and/or containment has been provided so as to prevent any such materials from entering a storm water drainage system or water body.

### **73.010 INSPECTION AND SAMPLING**

The Authorized Enforcement Agency may inspect and/or obtain samples from any discharger's premises as necessary to determine compliance with the requirements of this Ordinance. Upon request, the discharger shall allow properly identified Authorized representatives or Enforcement Agency to enter the premises of the discharger at all hours necessary for the purposes of such inspection or investigation, including, but not limited to, smoke/dye testing, televising pipes, sampling, and excavation. The Authorized Enforcement Agency shall provide the discharger reasonable advance notice of the need for such access, if possible and consistent with protection of public health and safety and the environment. The properly identified representatives may place on the discharger's premises the equipment or devices used for such sampling or inspection.

### **73.011 STORM WATER MONITORING FACILITIES**

If directed in writing to do so by the Authorized Enforcement Agency, a discharger of storm water runoff from any premises used for commercial or industrial purposes shall provide and operate equipment or devices for the monitoring of storm water runoff to provide for inspection, sampling, and flow measurement of each discharge to a water body or a storm water drainage system, as specified by the Authorized Enforcement Agency. The Authorized Enforcement Agency may require a discharger to provide and operate such equipment and devices if it is necessary or appropriate for the inspection, sampling, and flow measurement of discharges in order to determine whether adverse effects from, or as a result of, such discharges may occur. All such equipment and devices for the inspection, sampling, and flow measurement of discharges shall be installed and maintained at the

discharger's expense in accordance with applicable laws, ordinances, and regulations.

### **73.012 ACCIDENTAL DISCHARGES**

Any discharger who accidentally discharges into a storm water drainage system or a water body any substance other than storm water or an authorized discharge shall immediately notify the Authorized Enforcement Agency of the discharge. If the notification is given orally, a written report concerning the discharge shall be filed with the Authorized Enforcement Agency within 5 days. The written report shall specify all of the following:

- (1) The composition of the discharge and the cause thereof.
- (2) The exact date, time, and estimated volume of the discharge.
- (3) All measures taken to clean up the discharge, all measures taken or proposed to be taken to mitigate any known or potential adverse impacts of the discharge, and all measures proposed to be taken to reduce and prevent any recurrences.
- (4) The name(s) and telephone number(s) individual(s) making the report, and (if different) the individual(s) who may be contacted for additional information regarding the discharge.

### **73.013 RECORD KEEPING REQUIREMENT**

- (1) Any person that violates any requirement of this Ordinance or that is subject to monitoring under this Ordinance shall retain and preserve for no less than three years any and all books, drawings, plans, prints, documents, memoranda, reports, correspondence, and records, including records on magnetic or electronic media, and any and all summaries of such records relating to monitoring, sampling, and chemical analysis of any discharge or storm water runoff from any premises connected with the violation or subject to monitoring.
- (2) Any person who (1) at the time of a violation knew or should have known that a pollutant or substance was discharged contrary to any provision of this Ordinance, or contrary to any notice, order, permit, decision or determination promulgated, issued or made by the Authorized Enforcement Agency under this Ordinance, or (2) intentionally makes a false statement, representation, or certification in an application for, or form pertaining to a permit, or in a notice, report, or record required by this Ordinance, or in any other correspondence or communication, written or oral, with the Authorized Enforcement Agency regarding matters regulated by this Ordinance; or (3) intentionally falsifies, tampers with, or renders inaccurate any sampling or monitoring device or record required to be maintained by this Ordinance; or (4) commits any other act that is punishable under state law by imprisonment for more than 90 days; shall upon conviction, be guilty of a misdemeanor punishable by a fine of \$500 per violation, per day, or imprisonment for up to 90 days, or both in the discretion court.

### **73.014 SANCTIONS FOR VIOLATION**

- (1) A person who violates any provision of this Ordinance upon conviction shall be guilty of a misdemeanor punishable by a fine of \$500 per violation or imprisonment for up to 90 days, or both.
- (2) Authorized Local Official. Notwithstanding any other isivorp of Village laws, ordinances, and regulations to the contrary, the Building Inspector is designated as the authorized local official to issue citations for violations of this Ordinance.(3) Any person who aids or abets another person in a violation of this Ordinance shall be subject to the sanctions provided in this section.

### **73.015 FAILURE TO COMPLY; COMPLETION**

The Authorized Enforcement Agency is authorized, after giving reasonable notice and opportunity for compliance, to correct any violation of this Ordinance or damage or impairment to the storm water drainage system caused by a discharge and to bill the person causing the violation or discharge for the costs for work to be reimbursed. The costs reimbursable under this section shall be in addition to fees, amounts or other costs and expenses required to be paid to the Authorized Enforcement Agency under other sections of this Ordinance.

### **73.016 EMERGENCY MEASURES**

If emergency measures are necessary to respond to a nuisance; to protect public safety, health, and welfare; and/or to prevent loss of life, injury, or damage to property, the Authorized Enforcement Agency is authorized to carry out or arrange for all such emergency measures. Property owners shall be responsible for the cost of such measures made necessary as a result of a violation of this Ordinance, and shall promptly reimburse the Village of Fruitport for all of such costs.

### **73.017 COST RECOVERY FOR DAMAGE TO STORM WATER DRAINAGE SYSTEM**

Any person who discharges to a storm water drainage system or a water body, including, but not limited to, any person who causes or creates a discharge that violates any provision of this Ordinance, produces a deposit or obstruction or otherwise damages or impairs a storm water drainage system, or causes or contributes to a violation of any federal, state, or local law governing the Village of Fruitport, shall be liable to and shall fully reimburse the Village of Fruitport for all expenses, costs, losses or damages (direct or indirect) payable or incurred by the Village of Fruitport as a result of any such discharge, deposit, obstruction, damage, impairment, violation, exceedence or noncompliance. The costs that must be reimbursed to the Village of Fruitport shall include, but shall not be limited to, all following:

- (1) All costs incurred by the Village of Fruitport in responding to the violation or discharge, including, expenses for any cleaning, repair or replacement work, and the costs of sampling, monitoring, and treatment, as a result of the discharge, violation, exceedence or noncompliance.

- (2) All costs to the Village of monitoring, surveillance, and enforcement in connection with investigating, verifying, and prosecuting any discharge, violation, exceedence, or noncompliance.
- (3) The full amount of any fines, assessments, penalties, and claims, including natural resource damages, levied against the Village, or any Village representative, by any governmental agency or third party as a result of a violation of applicable laws or regulations that is caused by or contributed to by any discharge, violation, exceedence, or noncompliance.
- (4) The full value of any Village staff time (including any required overtime), consultant and engineering fees, and actual attorney fees and defense costs (including the Village legal counsel and any special legal counsel) associated with responding to, investigating, verifying, and prosecuting any discharge, violation, exceedence or noncompliance, or otherwise enforcing the requirements of this Ordinance.

### **73.018 COLLECTION OF COSTS; LIEN**

- (1) Costs incurred by Village pursuant to this chapter shall constitute a lien on the premises. Any such charges that are delinquent for 6 months or more may be certified annually to the Village Treasurer, who shall enter the lien on the next tax roll against the premises, the costs shall be collected, and the lien shall be enforced in the same manner as provided for in the collection of taxes assessed upon the roll and the enforcement of a lien for taxes.

### **73.019 SUSPENSION OF ACCESS TO THE STORM WATER DRAINAGE SYSTEM**

- (1) The Authorized Enforcement Agency may, without prior notice, suspend access to the storm water drainage system to any person or premises when such suspension is necessary to stop an actual or threatened discharge that presents or may present imminent and substantial danger to the environment, or to the health or welfare of persons, or to the storm water drainage system or a water body. If the person fails to comply with a suspension order issued in an emergency, the Authorized Enforcement Agency may take such steps as deemed necessary to prevent or minimize damage to the storm water drainage system or the environment, or to minimize danger to persons, and bill the person for the costs to the Village in taking such steps.
- (2) Suspension due to the detection of illicit discharge. Any person discharging to the storm water drainage system in violation of this Ordinance may have their access to the system terminated, if the Authorized Enforcement Agency determines that such termination would abate or reduce an illicit discharge. The Authorized Enforcement Agency will notify a violator of the proposed termination of its access. It shall be unlawful for any person to reinstate access of storm water drainage system to a premises terminated pursuant to this section without the prior written approval Authorized Enforcement Agency.

### **73.020 JUDICIAL RELIEF**

The Authorized Enforcement Agency may institute legal proceedings in a court of competent

jurisdiction to seek all appropriate relief for violations of this Ordinance or of any permit, order, notice or agreement issued or entered into under this Ordinance. The action may seek temporary or permanent injunctive relief, damages, penalties, costs, and any other relief, at law or equity that a court may order. The Authorized Enforcement Agency may also seek collection of fines, penalties and any other amounts due to the Village that a person has not paid.

### **73.021 CUMULATIVE REMEDIES**

The imposition of a single penalty, fine, order, damage, or surcharge upon any person for a violation of this Ordinance, or of any permit, order, notice or agreement issued, or entered into under this Ordinance, shall not preclude the imposition by the Village, the Authorized Enforcement Agency, or a court of competent jurisdiction of a combination of any or all of those sanctions and remedies or additional sanctions and remedies with respect to the same violation, consistent with applicable limitations on penalty amounts under state or federal laws or regulations. A criminal citation and prosecution of a criminal action against a person shall not be dependent upon and need not be held in abeyance during any civil, judicial, or administrative proceeding, conference, or hearing regarding the person.

### **73.022 RESPONSIBILITY TO IMPLEMENT BMPS**

The owner or operator of a premises used for commercial or industrial purposes shall provide, at the owner or operator's own expense, reasonable protection from an accidental discharge of prohibited materials or other wastes into the storm water drainage system or water body through the use of structural and nonstructural BMPs. Further, any person responsible for a premises that is, or may be, the source of an illicit discharge may be required to implement, at the person's expense, additional structural and nonstructural BMPs to prevent the further discharge of pollutants to the storm water drainage system or water body. Compliance with all terms and conditions of a valid NPDES permit authorizing the discharge of storm water associated with industrial activity, to the extent practicable, shall be deemed compliance with the provisions of this section.

### **73.023 INTERPRETATION**

Words and phrases in this Ordinance shall be construed according to their common and accepted meanings, except that those words and phrases defined herein shall be construed according to the respective definitions given. Technical words and technical phrases not defined in this Ordinance, but which have acquired particular meanings in law or in technical usage, shall be construed according to such meanings.

### **73.024 CATCH-LINE HEADINGS**

The catch-line headings, articles and sections of this Ordinance are intended for convenience only, and shall not be construed as affecting the meaning or interpretation text articles or sections to which they may refer.

Village President

CERTIFICATE

The undersigned, being the Clerk of the Village of Fruitport, Muskegon County, Michigan, does hereby certify that the foregoing is a true and complete copy of an ordinance adopted by the Village Council. at a regular meeting on the 16th day of July 2008, at which meeting a quorum was present and remained throughout, and that the original of said ordinance is on file in the records. I further certify that the meeting was conducted, and public notice was given, pursuant to and in full compliance with Act No. 267, Public Acts of Michigan of 1976, as amended, and that minutes were kept and will be or have been made available as required thereby.

Dated: June 16, 2008

By Carolyn Lemler  
Village Clerk
